BIG

“Innovation and Invention”

BREAKFAST

Business Innovation Group (BIG-Kent)

Monday 28th June 2010 – 7:30 am to 9 am

The University of Greenwich at Medway, Chatham Maritime, Kent, ME4 4TB

Guest Speaker:

Trevor Baylis OBE

Managing Director of Trevor Baylis Brands plc

Come along for an inspirational talk “Come let’s innovate”

Professional Businesses involved in engineering/manufacturing are invited to pre-register for the “BIG-Innovation and Invention” breakfast scheduled to take place on the 28th of June. The event will provide an excellent opportunity to hear from the veteran inventor **Trevor Baylis OBE** on how he made it to the top. There will be ample opportunity to network with businesses and to learn about business innovation partnering opportunities with BIG partners in association the University of Greenwich. BIG aims to significantly boost the county’s economy through this new initiative by raising awareness of public sector funding, contracts, bidding and collaborative projects. **This event is free to attend for Engineering/Manufacturing organisations, professionals and budding entrepreneurs and innovators. Due to limited places, there is a maximum number of attendees is 2 per organisation.**

To register your interest for this event contact **Jason** by E-mail: WJ822@gre.ac.uk

For more details about BIG Please visit www.big-kent.org.uk

Key Objectives of BIG:

- To bring together professional businesses and establish a regional collaboration platform for the Manufacturing, Engineering & Technology and Creative & Media sectors
- To support local companies in the exploration of new opportunities for public sector funding and contracts, commercial ventures and collaborative research & development programmes
- To help generate successful new opportunities such as the ones linked to the London 2012 opportunities – both in the run up to 2012 and from its proposed legacy
- To offer expertise on how to bid for contracts as well as providing information on opportunities as they develop
