Transport Motoring Forum - Paths to new business opportunities within the sector.

**The Russell Hotel , Maidstone, Kent, ME14 2AE,
9 am to 1 pm, 30th September**

Transport and Motoring in the UK encompasses a wide variety of industries, including manufacturing, service support, computing, construction and communications. During the midst of what is a challenging economic situation, companies require a competitive edge to successfully contend in an industry in which the UK public sector is budgeted to spend over £20 billion in 2011-2012.

The BIG-Kent network will be hosting an event in September 2011 to explore the emerging industry trends, challenges and opportunities for companies involved in aspects of the transport industry. The event will be a valuable opportunity to hear presentations from senior individuals working within and providing into the sector and will cover a range of topics including but not limited to: government policies, manufacturing supply-chain, OEMs in the UK, IC engines/fuels, performance, electric vehicles or greener transport, alternative fuels (H₂, bio-diesel), hydrogen infrastructure, logistics and infrastructure.

Guests and interested companies are also welcome to request the opportunity to deliver a pitch concerning their respective companies, products and services offered.
