INSIDE VIEW—Benchmarking & Sharing Best Practice

Venue: Hilton Road, Cobbs Wood Industrial Estate Ashford, Kent. TN23 1EW

Time/Date: Wednesday 30th November 2011, 9.30am – 11.30am

Visit to :

MJALLEN

BIG-Kent invite you to join to us for our first in a series of “Inside View” visits, designed to show manufacturing across Kent and give Kent based manufacturers the opportunity to benchmark and share experiences.

The visit will take place at the MJ Allen Group based in Ashford, which is a family owned manufacturing business with sales of around £27m. Their services include expertise in patterns, casting and machining (MJ Allen), punch tooling and dies (Rydal), metrology (Verdict), sheet metal working machinery (Airworks, RMT, Gabro), architectural, restoration and conservation metalworking (Mather and Smith), after-market automotive clutch and brake (National Autoparts) and automotive transmission systems design (Countytrac).

The visit will take in a tour of MJ Allen’s foundry and machine shop so good walking shoes are advised.

Due to the nature of the nature of the visit numbers will be limited to 12 so early booking is recommended.

**To register your interest for this event please contact
Frankie Wiggins at Kent Invicta Chamber by
